Community Feedback

Back-In Parking Survey

The City recently installed back-in angle parking in front of City Hall on Capitol Avenue as a pilot project to see if it is a viable parking solution as future development occurs in Fremont's Midtown. They are looking for community feedback on the project and have created a survey for community members to take on line. The survey can be found on the City's [website](#). Click on the Back-In Parking Survey link on the upper right side of the homepage.
